advantages to owning our own multilith machine also. Printing for the chapters could be done on this machine. Such as letterheads, show programs etc. It might be possible to put out a printed nomenclature sometime in the future also. At the present there are on hand some very interesting items that need to be put into a printed booklet.

We just gotta have one and we don't have that kind of money. So if you know the whereabouts of a good machine that can be donated or purchased cheap please get in touch with the Executive Secretary at once.

There was a special committee appointed at the Board Meeting in Leesburg to see if they could come up with the funds for this project. The Chairman of this committee is Mr. Lee Trainor with Mr. Paul White and Mr. Walter Baum serving with him. Mr. D. U. Donaldson, the Treasurer, and Mr. J. E. Monroe, were appointed ex-officio.

Please help them.

THE HALIFAX CHAPTER SHOW

ON OCTOBER 3rd

We are located 1 mile west of U.S. #1
(N. Ridgewood)

MANY LOVELY OLD AND NEW VARIETIES

HIBISCUS by HUDSON

863 Madison Avenue
Daytona Beach, Florida

FLOOD: A river that's grown too big for its bridges.

NORMAN REASONER AWARD

The first presentation of the new Norman Reasoner award was made to the Indian River Chapter by Mr. Eric Golby. This award is presented to the chapter having the most amateur entrants in their show during the year. Indian River nosed out Sunset by one or two entrants.

This trophy is a rotating trophy in the form of a silver bowl mounted on a walnut base. The name of the winning chapter will be engraved on the base and the chapter will receive a walnut plaque in the shape of a Hibiscus with the year and their name engraved on it. The plaque will be kept by the winning chapter and the large trophy will be passed on to the new winner each year.

As the name implies the trophy is furnished by the Reasoner Nurseries of Bradenton in honor of Norman A. Reasoner, one of the charter members of the American Hibiscus Society and it's first President.

In the 1940's Mr. Reasoner began to accumulate a collection that rose to over 700 varieties. Because of lack of information and confusion of names, he sparked a small group of interested people into the formation of the American Hibiscus Society. It is very fitting that this trophy should bear his name.
